

DUCHESNE COLLEGE

Dear Sir/Madam,

Thank you for agreeing to be a confidential referee for this student who is seeking to be a resident at Duchesne College, within the grounds of the University of Queensland.

Duchesne College is a residential College which aims to create new opportunities for personal and academic growth. Guided by the philosophy and goals of the Sisters of the Sacred Heart, we encourage lifelong learning to support personal growth and discovery. Our vision for the future is to help the students transition successfully from secondary to tertiary education and then on to a fulfilling life beyond graduation.

It is important that the offer of residency goes to someone who would be suited to such an environment. As well as the many benefits and advantages which students derive from living within the College, they need to give unselfishly to the general community, socially, culturally and in sport, so that the College ethos is maintained.

When completing the referee's report form, please consider the applicant and her ability to fit into such an environment, rather than simply addressing her strengths as a student. We also strongly urge you to use the provided form, rather than forwarding a general reference which is less directed to our purposes. Please note that at least one referee must be the Principal or Vice Principal at her school. The remaining referee should be someone who has known her for at least two years, a teacher or family friend, for example, but not a family member.

The information that you supply will be used for the purposes of the College application and will not be shared with anyone else, including the applicant.

It is the applicant's responsibility to provide you with the Referee Report Form. Once completed please scan and email to registrar@duchesne.uq.edu.au or mail to Duchesne College.

Your assistance in helping this student with her application is very much appreciated.

Kind regards

Kate Tully
